

1) Come to class once or twice a week.

2) Do the Gideon homework each day. Be consistent!

3) Grade your child's math drill work that is done at home each day.

4) Be on time and do not be rushed for center visits.

5) Practice oral facts by having your student just say the answers from the math drill booklet's front inside cover.

SPEED + ACCURACY = MATH MASTERY

6) Be patient with new concepts and/or repetitions of booklets. **BELIEVE IN YOUR CHILD!**

7) Communicate any concerns with your center director.

8) Communicate to your child that YOU are always in charge.

9) Avoid or eliminate breaks.

10) Create a Gideon lifestyle.
